

Member Stacie Whisonant raised \$5,000 for a student at Howard University. She also won second place at the AT&T Hackathon.

Member William Michael Cunningham discusses crowdfunding at WeWork Wonder Bread

641 Ventures is a collection of Minority entrepreneurs operating in Room 321 at WeWork Wonder Bread, 641 S Street, NW., Washington, DC. WeWork is a platform for creators. They provide office space, high speed internet access, community, and other services entrepreneurs need to create viable, sustaining companies. **Our community is seeking financial support so that we can continue to operate in this space.**

Support will improve the way we serve the entrepreneurs in our room. The broader minority entrepreneur community will be directly impacted: we hold seminars and other events directly tied to the companies we are trying to create. Your support will allow us to:

- Organize and optimize assets for improved business results
- Allow rigorous business assessment for continuous improvement of enterprise achievement
- Develop, expand, and deliver a minority women crowdfunding initiative
- Use entrepreneur, intern, WeWork Incubator system performance data to improve enterprise achievement
- Foster and sustain systems that support and improve our effectiveness, in partnership with other organizations.
- Strengthen business/community relationships and continue to expand civic, business, and community partnerships that support improved business achievement.

GO PAY YOUR TUITION IS A NEW WAY TO FINANCE STUDENT LOAN DEBT.

We are practically giving money away to students and providing the best solution for families to be able to afford higher education without the mountains of debt in the current borrowing system. We believe that we can help tackle this economic crisis one dollar at a time by creating a hybrid approach to traditional financing.

List and Grow Your Business at PreneurHub.com

PreneurHub.com connects entrepreneurs, customers, and organizations in order to find partners, incubate ventures, and meet milestones.

Launch Your Own Custom Branded Entrepreneur Community with PreneurHub Sites

PreneurHub allows member based associations to deploy their own white label PreneurHub sites to promote and incubate member entrepreneurs and businesses. PreneurHub sites allow associations to support member entrepreneur activities, and to create a close knit community of members who build and develop their business ventures.

Building upon that incredibly elegant expression our playful interpretation, Cogito Ergo Sauté, represents our love for all things related to the culinary arts and the adult beverages that should accompany them.

...of course, we got too distracted by our own cleverness to realize that the name might be hard to remember. Glad you found us in spite of ourselves.

We provide services for private dinners, cocktail parties, wine tasting parties, cocktail and mixology courses, "instructional" dinners, or the backyard BBQ too.

Our aim is to make elegance easy for our clients. Your event is personal for you so we do everything possible to tailor it to your needs.

National Crowdfunding Services, LLC. According to Wikipedia, "Crowdfunding, crowd financing, equity crowdfunding, or crowd sourced capital..describes a collective effort by people who..pool their money and resources together via the Internet, to support efforts initiated by other people or organizations." Crowdfunding can be used to fund a startup or existing company, or small business."

We provide crowdfunding advisory services.
